

# Ekahau Survey™ for iPad

The Most Convenient Wi-Fi Survey Tool

## The First of It's Kind

Ekahau Survey™ is the first professional Wi-Fi site survey tool for the iPad\*. Even though it's 70% lighter than using a laptop, it's still full of features. It automatically locates all nearby access points and places them on a map and delivers instant post-survey analysis with easy-to-read, beautiful crystal-clear heatmaps. Paired with Ekahau Sidekick®, it provides 8 hours of continuous surveying, keeping you surveying longer without needing to recharge.

The solution is intuitive and easy to use, any IT person can learn to survey in less than 60 seconds. By leveraging the power of a touch screen, you can easily perform site surveys and collect comprehensive Wi-Fi and spectrum analysis data. Ekahau Survey keeps your survey data safe using the auto-save and sync feature and allows you to quickly share your survey results with expert users for advanced analysis, troubleshooting and detailed reporting.

## See for yourself why Ekahau Survey for iPad is the easiest professional Wi-Fi site survey tool on the market.

- Simple and easy to navigate touchscreen interface
- Ultra-lightweight iPad application
- Combined with Ekahau Sidekick® for uninterrupted all-day surveying
- Seamlessly save and sync project files with Ekahau Cloud™ integration
- Heatmap analysis of coverage, interference and connectivity
- Compatible with all iPads running iOS12, iPad Pro recommended for optimal performance
- Collaborate on projects remotely in near real-time
